Already the opponents of the old Free State organization begin to falsify in regard to the candidates on the independent ticket. They are already representing Mr. BRUNER an Administration Democrat, and that he voted for the Lecompton Constitution. Mr. BRUNER, instead of voting for that swindle, used all the influence he could command against it, and on the 2nd of August last, deposited his vote in the Lecompton ballot-box AGAINST it. This we are prepared to substantiate with the affidavit of G. W. ZINK, Esq., a Free State member in the last Territorial Legislature, from this county, and who was one of the judges of election at the Lecompton precinct. Mr. Z's attention was, fortunately, called particularly to this matter, hence his ability to testify on this subject.

THE above Company now offer inducements unequalled by any Town Company in the Territory.

The Company have just completed the largest Hotel in southern Kansas, being three stories high and containing twenty-four large, commodious sleeping and sitting rooms. In addition to the hotel, the Company have built a large Storehouse, which will soon be well filled with all the commodities needed in a country like ours. A large number of carpenters are now at work erecting residences, shops, offices, &c. The Company offer great inducements to mechanics and others, wisning to locate. The town, from its central location, being the geographical center of Bourbon country, must always command an extensive trade and soon become an important town in southern Kansas, as it is surrounded by as GOOD FARMING LANDS as were ever tilled by the husbandman.

CLAIMS.—Good and desirable claims can be over tilled by the husbandman.

CLAIMS.—Good and desirable claims can be obtained in close proximity to town and timber.

Marmiton is splendidly and must be healthfully located, being on a high rolling prairie.—It has beautiful streams of water washing its northern and southern limits. An excellent STEAM SAW AND GRIST MILL

has lately been erected, and is now in success operation.

CLIMATE.—Marmiton is situated in latitude 37 ° 30, and longitude, 17 ° 47 west from Washington. The Thermometer does not indicate a higher degree of heat than ninely, and never in the winter gets below zero. Farmers and Mechanics find no inconvenience in doing out-door work in the winter season. Cattle, hogs, sheep, etc., do well on the prairie during the entire year. There is always a pleasant breeze in the hottest days of summer, which makes the heat less oppressive than in many of the northern States. Lots will be sold at exceedingly low figures to persons desirous of building.
